## Background

Cardiovascular disease (CVD) remains a major global health challenge and is responsible for around 38% of total mortality in Indonesia. The increasing prevalence of hypertension, diabetes, and lifestyle-related risks underscores the urgency for stronger preventive and treatment strategies.

The Siloam Cardiac Summit is an annual scientific forum organized by Siloam International Hospitals, designed to foster collaboration, education, and knowledge exchange in the field of cardiovascular care.

This summit brings together cardiologists, healthcare professionals, academics, and medical practitioners to explore the latest advancements in diagnosis, treatment, technology, and management of cardiovascular diseases. Through expert discussions and interactive sessions, the event aims to enhance the quality of cardiac care while strengthening professional networks at both national and regional levels.

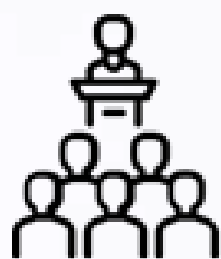

## Objective

- **To provide up-to-date insights and developments in the field of cardiovascular medicine** through presentations delivered by distinguished speakers from both national and international institutions.
- **To strengthen professional networks and promote collaboration** among physicians and nurses, both within the Siloam International Hospitals and external healthcare communities.

## Clinical Activities

Together, we can turn differences into strengths, barriers into opportunities, and ensure that every patient's unique needs are met with compassion, innovation, and excellence.

### Transformative Experiences to Enhance Medical Competency in Cardiovascular

Symposium

Workshop

Competition

- **World-Class Expertise**

Insights from renowned specialists from cardiovascular centers worldwide, presenting the latest breakthroughs, evidence-based practices, and global trends in cardiovascular care.

- **Actionable Insights**

Practical strategies to inspire meaningful improvements in cardiovascular care across local, national, and international levels

- **Collaborative Workshops & Live Demos**

Hands-on sessions in advanced techniques and dry workshop designed to enhance technical precision, strengthen clinical decision-making, and patient-free environment.

- **Scientific Poster & Case Report Competition**

A platform for researchers, clinicians, and students to showcase innovations and ideas that advance cardio care.

## Welcome Note

Dear Respected Colleagues and Esteemed Delegates,

It is my great honor to welcome you to the Siloam Cardiac Summit 2026, a scientific forum to address the escalating impact of cardiovascular disease through shared expertise and innovation. Cardiovascular disease (CVD) remains a major global health challenge and accounts for around 38% of total mortality in Indonesia. The rising prevalence of hypertension, diabetes, and lifestyle-related risk factors underscores the urgency to strengthen prevention, early detection, and evidence-based treatment through collaboration and continuous knowledge exchange.

This summit is designed as a collaborative platform that brings together leading experts, healthcare professionals, and institutions to advance cardiovascular care. Through scientific presentations, expert discussions, and skill-based workshops, we aim to share the latest innovations in prevention, diagnosis, and treatment while fostering meaningful professional partnerships.

More than a scientific gathering, this event reflects Siloam's commitment to advancing cardiovascular excellence and improving the nation's heart health. On behalf of the organizing committee, I sincerely thank you for your participation and wish you a productive and inspiring summit.

Warm regards,

**Prof. Dr. Harry Suryapranata, MD, PhD, FESC, FACC, FIHA**  
Chairman Scientific Committee  
Siloam Cardiac Summit 2026

## Welcome Note

It is my great honor to welcome you to the Siloam Cardiac Summit.

This year, we gather under the theme “Compassion in Every Beat: Integrating Science and Skill in Cardiac Excellence.” Which reflects our shared commitment to advancing cardiovascular science while placing compassion at the center of patient care.

As the field of cardiology continues to evolve rapidly, we are called to bridge innovation with clinical skill, research with real-world practice, and technology with the human touch. Through this summit, we aim to share the latest advancements, foster meaningful discussions, and strengthen interdisciplinary collaboration to enhance the quality of cardiovascular care.

On behalf of the Scientific Committee, I sincerely thank our distinguished speakers, partners, and participants for your dedication. May this summit inspire learning, connection, and collective progress toward cardiac excellence.

Warm regards,

**Prof. Dr. dr. Antonia Anna Lukito, Sp.JP (K), FIHA, FAPSIC, FAsCC, FSCA**

Co-Chairman Scientific Committee

Siloam Cardiac Summit 2026

## Secure Your Seat

 **Saturday, 25 April 2026**  **Fairmont Hotel Jakarta**

### Full Package : Symposium + Workshop

**Doctor**    **Rp 1.500.000**

**Nurse**    **Rp 300.000**

#### General Symposium

General Practitioner	Rp 500.000
Specialist / Subspecialist	Rp 950.000
Nurse / Pharmacist / Others	Rp 200.000

#### Add-On Workshop

<b>Focused Class</b>	Doctor	Rp 650.000
	Nurse	Rp 200.000
<b>Explore Class</b>	Doctor	Rp 250.000
	Nurse	Rp 150.000

- Full package includes general symposium & focused class workshop full-day. Workshops cannot be purchased without symposium registration.
- Workshops are recommended for specialist and subspecialist doctors.
- Explore Class Workshop allows you to join one session in a different class.

# Venue

## Fairmont Hotel Jakarta

In the heart of the Senayan district, across the road from the exquisite golf course, Fairmont Jakarta is a luxurious home base from which to explore all the city has to offer. Whether you're here for business, culture or shopping, this 5-star Jakarta hotel puts the city at your fingertips. Enjoy a weekend getaway or a family holiday in one of our 488 fabulous rooms and suites. Stay a little longer in a Sky Suite. Dine and socialize in outstanding restaurants and bars. Relax in the luxury spa.

Gelora Bung Karno (GBK) City Park is at your doorstep, while the Al-Bina Mosque are each a short drive away. You're also close to the Indonesia Stock Exchange and Convention Center, not to mention Jakarta's most stylish shops at Plaza Senayan

# Together Towards Better Cardiovascular Outcomes

Thank you for being part of Siloam Cardiac Summit 2026

A collaborative scientific forum dedicated to advancing cardiovascular care through knowledge, innovation, and clinical excellence.
